### Languages

English 100%

### About me

Experienced Fullstack Developer with 3+ years of expertise in MERN stack, TypeScript, Tailwind CSS, and Next.js. Proven track record in crafting scalable applications with MongoDB and MySQL. Skilled in translating project requirements into efficient code for optimal performance. Committed to delivering superior functionality and staying updated on industry trends for cutting-edge solutions.

### Experience

#### Backend Developer (Node.js) Intern | CapacityBay, U.S.

CapacityBay 2023 - Present

Backend Developer Intern at CapacityBay, adept in Clean Architecture principles. Collaborated on Node.js, Express.js, MongoDB, and MySQL projects. Applied clean and modular design for robust server-side solutions. Utilized Sequelize for efficient database integration. Committed to best practices for scalable and maintainable code.

#### Frontend Developer (ReactJS) Intern | CapacityBay, U.S.

CapacityBay 2022 - present

As a proactive Frontend Developer Intern at CapacityBay, collaborated with the frontend team to contribute to the development of dynamic software solutions. Proficient in ReactJS, Next.js, and Redux, I executed refined styling using Tailwind CSS and Bootstrap to deliver visually stunning and highly functional interfaces.
